

RENO REPORT UPDATE

March 6, 2018

Dear Parents,

Wow, Incredible, and Amazing are the three words of the week around AVS! These words help describe all the wonderful people who helped with our signature event of the year...Our Spaghetti Dinner & Auction! I was reminded once again of just how great our teams are at AVS. Everyone pitched in to make the event go off without a hitch. I want to thank all the parents who went over and beyond to make this year so incredible! We continue to take all of this support and turn it into great things for the students of AVS. We appreciate you and appreciate the dedication you have to the children of Alexander Valley! Check out the picture from our Drone Dudes Assembly today! Students learned the basics of drone flying, and how they are being used by industries in our world.
