

RENO REPORT UPDATE

January 24th, 2019

Dear Parents,

This “Reno Report Update” has me sharing some unfortunate news with all of you. Some of you may already be aware, but over the last three-day weekend, AVS experienced a theft. Our bus barn, kiln storage unit, and AVSPC shed were all broken into and some items were taken. This is really unfortunate as the individual(s) took our kiln, two generators, our portable sound system and various power landscape equipment.

I wanted to keep you all in the loop on the issue and what we are doing to help inform others on the steps we are taking to protect our site. To date we have done the following regarding this issue.

1. We filed a formal theft report with Sonoma County Sheriff's Office.
2. Local law enforcement will make additional observational rounds during late pm and early am hours at our campus.
3. We are in the process of identifying all the items taken and will be filing a claim with our insurance company (RESIG) for reimbursement of the items taken.
4. We have installed additional security mechanisms on our outbuildings and sheds.
5. We have asked for REWARD posters from RESIG which will be posted on our site for any information leading to the successful arrest of the individuals involved.
6. We are in the process of installing motion lighting sensors and security cameras on our campus.

As a school community, I ask that if you are driving by the school in the late evening hours, particularly on weekends and happen to see any activity, please contact the Sonoma County Sheriff's Office at 707-565-212.

Thank you,
Mr. Reno
